NEW & IMPROVED
Home Energy Conservation Program

Your customers can qualify for **thousands** in available incentives from Enbridge Gas on their home renovation projects.

Now get up to $5,000 back plus additional electrical incentives

- ☐ Complete minimum of **2 upgrades** (Air Sealing counts as 1 upgrade)
- ☐ Work must be completed within **120 days of first audit**
- ☐ Gas, propane, oil, wood and electric heated homes qualify
- ☐ **Maximum total rebate is $5,000** (includes $600 reimbursement fee)
- ☐ All audit fees reimbursed on final cheque 60 days after final audit
- ☐ Program **ends December 31st, 2018**

Bonus Electrical Incentive Add-ons:

$250 = 3 upgrades
$500 = 4 upgrades
$750 = 5 upgrades

Air Sealing

$100 for reaching target on report
$150 for reaching 10% above target on report

Air Source Heat Pump (ASHP) Gas, Wood, Oil, Propane – For electrically heated homes, see page 2

$500 NEW

- ASHP must be used as a Secondary Heating Source. It cannot be the primary heat source.
- Energy Star Certified – EER 12.5/SEER 15 HSPF 8.5
- ASHP will not count as a 2nd measure (must complete an additional upgrade)
- ASHP will be an exception. With the addition of ASHP as a secondary heating source, a customer can upgrade primary heating source (for example, an oil furnace) and install ASHP as secondary heating source and still be eligible for the 2 rebates ($1,000 for the oil furnace + $500 for the ASHP).

$750 NEW **For replacing a wood-burning system or appliance with one of the following:**

- An indoor wood-burning appliance certified to either CAN/CSA-B415.1-M92
- An indoor pellet-burning appliance (includes stoves, furnaces and boilers that burn wood, corn, grain or cherry pits).
- An indoor masonry heater.
- Replace a solid fuel-fired outdoor boiler with an outdoor wood-burning appliance certified to CAN/CSA-B415.1 The capacity of the new equipment must be equal to or smaller than the capacity of the boiler being replaced.

Attic Insulation

$500 • For increasing attic insulation to at least R50 from R12 or less
$250 • For increasing attic insulation to at least R50 from R13 to R25
$500 • For increasing cathedral/flat roof insulation by at least R14

Basement Insulation – if less than 100% is completed the incentive will be pro-rated.

$1,250 • For adding at least R23 to 100% of basement
$750 • For adding at least R12 to 100% of basement
$1,000 • For adding at least R23 to 100% of crawl space wall
$500 • For adding at least R10 to 100% of crawl space wall
$500 • For adding at least R24 to 100% of floor above crawl space

Exterior Wall Insulation – if less than 100% is completed the incentive will be pro-rated.

$1,750 • Add at least R9 for 100% of building to achieve a minimum of R12
$1,250 • Add at least R3.8 for 100% of building to achieve a minimum of R12

More Electric Appliance Incentives When Replacing with Energy Star

$75 Refrigerator
$75 Freezer
$30 Dehumidifier
$75 Clothes Washer

Furnace/Boiler – Gas, Propane, Oil, and Wood heated homes qualify

$1,000

- FURNACE – replace a 94% or lower efficiency with a 95% AFUE or higher
- BOILER – replace an 89% or lower efficiency with a 90% AFUE or higher ENERGY STAR® condensing gas boiler

Water Heater

$500

- For replacing your water heater with 0.80 EF or higher **tank** natural gas or propane water heater or;
- For replacing your water heater with 0.82 EF or higher **tankless** natural gas or propane water heater

Window/Door/Skylight

$80 • For each window, door or skylight replaced with an ENERGY STAR-qualified model

Visit **enbridgesmartsavings.com** or call **1-855-659-0549** for full program details.

1st Audit $400 +hst = **$452**
2nd Audit $200 +hst = **$226**

OUR "NEW & IMPROVED" PROGRAM MAKES **GETTING MONEY BACK EASIER THAN EVER**

The following $600 and $250 are only eligible if two measures are completed.

ITEM	REBATE
CAC model must be ENERGY STAR® certified with a minimum seasonal energy efficiency (SEER) ratio of 18 and a minimum energy efficiency ratio (EER) of 13 Must have a qualifying indoor coil	**$600** (must have Make, Model and Coil # indicated on Invoice)
Gas Furnace with (ECM) (electronically commutated motor)	**$250** (must have Make, Model and Coil # indicated on Invoice)

AIR SOURCE HEAT PUMP TYPES

For electrically heated homes only:

Upgrade from an Electric Furnace/Baseboard or replace existing ASHP

1st Audit $400 +hst **= $452**
2nd Audit $200 +hst **= $226**

Must Be:

- ☐ Used as primary heating source
- ☐ ENERGY STAR certified, and
- ☐ Minimum efficiency rating of EER 12.5/SEER 15/HSPF 8.5
- ☐ For Cold Climate ASHP must also (COP) at -15° C (5° F) greater than 2.0 at maximum capacity operation.

- Counts as a measure for Home Energy Conservation Program
- Included in $5,000 rebate cap
- Eligible for the Home Energy Conservation Program bonus incentive

ITEM	REBATE
Ductless ASHP Single Head, Electric Baseboard, No A/C or with A/C	**$1,000**
Ductless ASHP Multiple Head, Electric Baseboard, No A/C or with A/C	**$1,000** per exterior unit and the first one interior unit **+$250** for each one additional interior unit attached to the same exterior unit up to a **maximum of $3,000**
Ductless ASHP Cold Climate	**$1,500** for one exterior unit and the first interior unit **+ $400** for each one additional interior unit attached to the same exterior unit up to a **maximum of $4,000**
Ducted ASHP Central Furnace, No A/C or with A/C	**$1,250**
Ducted ASHP Cold Climate, Central Furnace, No A/C or with A/C	**$4,000**

ENBRIDGE Life Takes Energy℠ SAVE ON ENERGY POWER WHAT'S NEXT Ontario

This Program is delivered by Enbridge Gas Distribution in partnership with the Government of Ontario and Save On Energy.

Natural gas and alternative fuel savings are based on approved modeling software. Only one enrollment for incentive per household is permitted. To find out if you qualify for incentives, a pre and post home energy audit is required by a Program approved Registered Energy Advisor (REA). No more than 120 days between the pre and post audit is allowed. In special circumstances, your REA can request an extension. Please contact one of the Enbridge approved Service Organizations listed at enbridgesmartsavings.com for further information about this Program. The Home Energy Conservation Program is only available for residential detached homes, towns and semis – no multi-residential buildings or condos. Additional information on the Program can be found at enbridgesmartsavings.com. Program may be subject to change or cancellation without notice at any time. Homeowner is responsible for ensuring Program eligibility, choosing qualified REA, keeping invoices, and meeting Program deadlines. Subject to additional terms and conditions found at saveonenergy.ca. Subject to change without notice. Save on Energy is powered by the Independent Electricity System Operator and brought to you by Enbridge Gas Distribution and the Government of Ontario.
